STORY

Czerka Arms presents HK-77, a state-of-the-art assassin droid capable of infiltration, elimination, and unmatched tactical efficiency. Outfitted with modular weaponry and adaptive combat algorithms, the HK-77 excels in precision strikes and high-stakes operations. With its reinforced Durasteel plating and a sophisticated heuristic processor, the HK-77 is the ultimate tool for those who require discretion and lethality in equal measure. Trust in Czerka Arms, and experience the pinnacle of assassin droid engineering.

Fresh off the factory line, HK-77 is en route to a diplomat. Unfortunately due to recent Republic tariffs, quality control has taken a back seat and this particular HK unit has its wires crossed.
